

# Baseline *Rx*

## Essential Amino Acids

### DESCRIPTION

**Baseline Rx** is a unique formula consisting of natural ingredients designed to nourish the brain, giving the feelings of clarity, calmness, and well-being. **Baseline Rx** does this by nourishing the neurotransmitters and receptor sites in the brain's synapses. **Baseline Rx** is a food grade nutraceutical manufactured at pharmaceutical standards. **Baseline Rx** contains no yeast, wheat gluten, soy protein, milk/dairy, corn, sodium, sugar, starch, artificial coloring, preservatives or flavoring and is available in capsules.

### FUNCTIONS

ADD/ADHD as well as compulsive disorders are the result of brain chemical imbalances. These chemicals are called neurotransmitters. Neurotransmitters send messages from our brains to our bodies telling us how to feel and act. We feel the symptoms of ADD/ADHD and other compulsive disorders when we have imbalanced brain chemistry. The symptoms are a way for our brain to tell us that something is wrong.

**Baseline Rx** helps to restore the nerve pathways so that the brain can send and receive messages from the body's senses.

### INDICATIONS

Do not use if you have phenylketonuria (PKU). Consult with a physician prior to use if you are pregnant, nursing, have high blood pressure, heart disease, Parkinson's disease, or if you are taking a MAO inhibitor or any other prescription medication. Reduce or discontinue if nervousness, tremor, sleeplessness, loss of appetite, or nausea occur.

### FORMULA

Each serving contains: 3 Capsules

Servings per container: 30

Vitamin C	225 mg
Thiamine	38 mg
Riboflavin	6 mg
Niacin (Niacinamide)	38 mg
Vitamin B-6	8 mg
Folic Acid	150 ug
Vitamin B-12	2 mcg
Pantothenic Acid	34 mg
Calcium (as Calcium Chelate/Ascorbate)	86 mg
Magnesium (as Magnesium Oxide)	56 mg
Zinc (as Zinc Chelate)	11 mg
Chromium (as Chromium Chelate)	300 mcg
<b>Proprietary Blend</b>	1341 mg
DL-Phenylalanine	
L-Tyrosine	
L-Glutamine	
5-HTP	
Betaine HCL	
N-Acetyl-L-Cysteine	

\*Other ingredients: Gelatin (capsule), cellulose, vegetable stearate and silica.

### SUGGESTED USE

As a dietary supplement, adults take as directed by physician on an **empty** stomach.

### SIDE EFFECTS

No adverse effects have been reported.

### STORAGE

For optimal storage condition, store in a cool, dry place. (59°-77°F/15°-25°C)(35-65% relative humidity) Tamper resistant package, do not use if outer seal is missing.
